January 21st, 1919

Lieutenant J. E. Zacan,

Queen Alexandra Sanatorium, R.R. 7, Cyrco, Ont.

Dear Lieutenant Zacan:

I am glad that you are thinking of continuing your work and entering upon Electrical Engineering at the Faculty of Applied Science. I should judge that most you would need might be brushing up in Mathematics so as to make it possible for you to be ready for the work at the beginning of next term, that is to say, in September of this year. I think that we could by correspondence give you some guidance in regard to this matter. I will have it up immediately.

With regard to the continuance of pay, I do not know what the Government will do, but last week the Universities urged upon the Government to pay the maintenance and fees of returned men for at least one year. If the Government do this you would have at least your next winter's maintenance; then in the summers after that you could probably get employment so as to help yourself along.

With kind regards, I am,

Yours sincerely,

President.

Dear Sir Robert Falconer,

I have seen a notice of a paper written by you on the "Conflict of Educational Ideas arising out of the present War". I understand that this paper appeared in the transactions of the Royal Society of Canada (Vol. XI, series 3, 1917). If this pamphlet has by any chance been reprinted in separate form, I should be most grateful if it were possible for you to present the Library of the Board of Education with a copy.

Yours faithfully,

A E Twentyman.

Lieut. J. H. Egan,

Queen Alexandra Sanatorium,

R. R. #7, Byron, Ont.

Dear Mr. Egan:

Replying for the President to your letter of January 15th, let me say that in connection with the Extension Office it would be possible to conduct a part of your work by correspondence; this to begin at once. However, if it is at all possible, it would be best for you to come down to Toronto immediately and take the work with the classes specially organized to meet such cases as yours. In order to know just the work you should be called upon to do, however, it is desirable that you should fill in at once the enclosed form. In your reply, let me know if you can come at once. With the filled out form, send also your certificates of partial Matriculation, or in case of not having it by you, let me know the subjects in which you have passed at Matriculation.

Yours sincerely,

Acting Secretary.

Dear Mr. Eldon:

I have received your communication covering the recommendations of the Committee with regard to matriculation and a university course for Commercial Specialists. To-morrow I will lay it before the Senate, who doubtless will then order that definite action be taken with regard to it.

Yours sincerely,

President.
